Experience

Design Research Assistant

Syracuse Office of Undergraduate Research | May '22 - Aug '23

- Conducted in-depth primary and secondary research on topics relating to sex, gender, racial, and economic equity in design.
- Synthesized information from research and interviews to be used in Design for Sex and Gender Equity by Dr. Isabel Prochner, an invited contribution to Routledge's Design Research for Change.
- Wrote a body of targeted questions to interview 10 professionals working in a variety of industries from medical device design to artificial intelligence.

Metalsmith & Jewelry Designer

Aug '21 - Present

- Designed and made over 60 cast, forged, and fabricated pieces of jewelry to be sold at craft fairs and on Etsy.
- Used CAD to design custom fixtures, jigs, and molds to streamline production processes and prevent the need for outsourcing.
- Designed and created cohesive branding, packaging, and product photography
- Worked closely with clients on commission to design and fabricate custom pieces, utilizing 2D and 3D visualization methods throughout the process to ensure satisfaction.

Teaching Assistant

Industrial & Graphic Design Pre-College, Syracuse University | Summer '23

- Assisted in lesson planning and teaching classes of 12-15 high schoolers enrolled at Syracuse University's pre-college Graphic and Industrial Design programs
- Designed and taught lessons in Adobe Illustrator, Photoshop, and perspective drawing, which became foundational skills for the outcomes of the courses.

Certifications

SOLIDWORKS Mechanical Design Associate

DASSAULT Systems, Inc. | May '23
